New Sigmatherm® Specialty Multi-Function Thermostatic Shower Valves with 2-way, 3-way and 5-way Diverter Valves

Assembled in USA Thermostatic Cartridge by Eurotherm® Diverter by Fluhs®

1/2" Thermostatic Shower Valve
Model #18.30.910
\$495

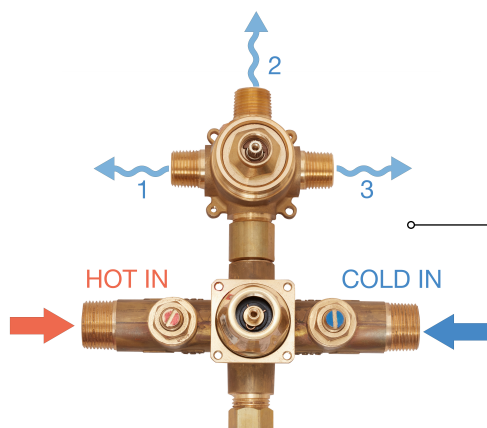

Thermostatic Shower Valve with 2-Way Diverter Valve with Positive Shutoff

- Code approved in California

Select Output 1 or 2
Valve Does Not Share Flow

In this application, the 9 o'clock and 3 o'clock exits must be plumbed. The top and bottom exits are capped off.

Diverter Cartridge #18.30.259 (Orange Dot)

1/2" Thermostatic Shower Valve
Model #18.30.911
\$525

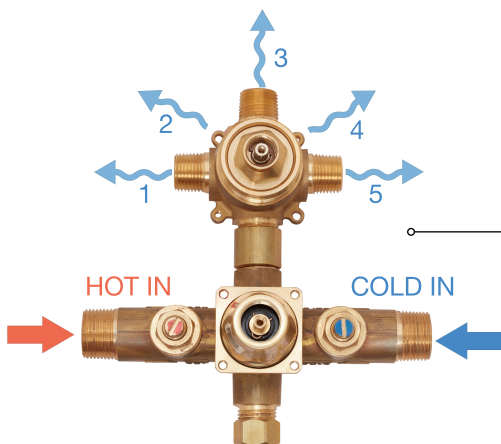

Thermostatic Shower Valve with 3-Way Diverter Valve with Positive Shutoff

- Code approved in California

Select Output 1, 2 or 3
Valve Does Not Share Flow

These 3 exits are always independent and will not share flow. Bottom exit can be use if an independent shut off valve is purchased separately, use as a remote exit

Diverter Cartridge #18.30.257 (Green Dot)

1/2" Thermostatic Shower Valve
Model #18.30.912
\$525

Thermostatic Shower Valve with 5-Way Diverter Valve with Positive Shutoff

- Not code approved in California

Can have up to 5 exits
Output 1, 3 & 5 - Do Not Share Flow
Output 2 & 4 - Shared Flow (1+3 or 3+5)

Bottom exit can be use if an independent shut off valve is purchased separately, use as a remote exit.

Diverter Cartridge #18.30.264 (Brown Dot)
